

The Living Sea

an Oscar® Nominated IMAX® Film

The Living Sea, an Oscar® nominated IMAX® film, serves as an excellent example of White Oak Associates' successfully bringing together international museums for a common goal. As executive producers, White Oak formed the Ocean Film Network (OFN) to guide the development of *The Living Sea*. Since its 1995 release, *The Living Sea* has shown in over 100 theaters internationally, breaking box office records at many of them.

The film features music by Sting, narration by Meryl Streep. OFN members now happily enjoy a high quality film that is both marketable and educational.

Executive Producers: White Oak Associates, Inc.
Producers: MacGillivray Freeman Films
Opened: 1995
